

The background of the image shows a group of business professionals sitting around a long table in a modern office or conference room. They are silhouetted against large windows that look out onto a city skyline at sunset. The sky is a mix of orange, yellow, and blue. The overall mood is professional and collaborative.

ActivePure Technology

Oxygen and humidity are converted into oxidizers using a process similar to what occurs in natural sunlight. These oxidizers are projected from the cell, enveloping the air and surrounding surfaces to seek out and destroy contaminants

How does ActivePure Technology work ?

- Uses oxygen and humidity from the air
- Converts into powerful oxidizers
- **Destroys microorganisms in the air and on surfaces**
- Kill pathogens on contact
- Safe for astronauts – Safe for everyone
